## Ride Safely On Amusement Devices

To get the most enjoyment out of your amusement experience there are tips you should know and follow to keep your ride safe and fun!

### ***Before the Ride***

- ✓ Observe all admission restrictions to determine whether or not the ride is appropriate for you and/or your child.
- ✓ Read all the rules for each ride so you know how to behave appropriately and/or instruct your child how to behave appropriately.

### ***During the Ride***

- ✓ Be sure to tie up long hair and remove any loose articles (sunglasses, hats, jewellery, etc.) that have the potential to fall off during the ride.
- ✓ Remain seated, buckled in and be sure to keep your hands and feet inside the ride at all times.
- ✓ Use all safety equipment which the ride offers and remember to always listen to the operator's instructions.

### ***After the Ride***

- ✓ When the ride is over, remain seated until you come to a complete stop.
- ✓ If you feel tired, stop riding or take a break - the rides aren't as much fun if you are exhausted.

The REGULATION requires all riders to:

- obey all warnings & directions regarding each ride
- behave in a manner that will not cause or contribute to injury to themselves or others

Failure to comply is a punishable offence under the REGULATION.

For more safe rider information visit [www.safetyinfo.ca](http://www.safetyinfo.ca)

## Remember,

most accidents are caused by the rider, not the ride. Unsafe behaviour puts you at risk. Follow instructions and take responsibility for your own safety so you can have more fun.
